The Director's Perspective on the MBA

Panagiote (Pete) Tsolis, ABD

Associate Professor

Our students do the MBA degree for a variety of reasons. Some need the tools the program provides so that they can advance in their industry. Others are ready to transition to a different sector and need to refine their skills and reposition themselves for the market. Still others realize that earning an MBA will broaden their business perspective and understanding.

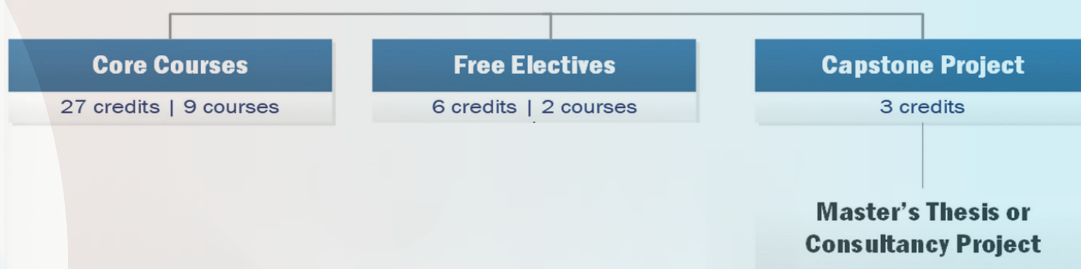

The Hellenic American University MBA meets each of these needs. With instructors who are experts in their field, a program that provides a strong foundation in all core business disciplines, and with access to a growing alumni network, our students are well-positioned to move to the leading edge of their businesses.

Overview of the Master of Business Administration Program

The bulk of the MBA is made up of required courses that give you a robust theoretical foundation and practical learning in core business functions such as operations, accounting, HR management and managerial finance. You'll also develop the digital competencies needed for data-driven decision-making and strengthen your leadership, team-building, communication and analytical skills.

What Students and Graduates Are Saying About the Program

The HAU MBA gave me the opportunity to develop my leadership skills through an exceptionally interactive and team-based approach to learning.

Having a technical background and years of managerial experience in auditing, consulting and banking, I chose the HAU MBA to help me move into leadership and think holistically when solving problems in a day-to-day business environment. Studying at HAU gave me the opportunity to work with some dynamic academics and professionals. The experience has definitely exceeded my expectations and been a stepping stone for my career and personal development. Even before completing the program, I was promoted to a senior leadership position in one of the Greek systemic banks. It was well worth travelling this road!

Josephine Degaita, MBA '20
*Head of Group Operational Risk
Management at National Bank of Greece*

Having earned my MBA degree, I feel honored and excited! Not only because of the knowledge and skills that I acquired throughout those years, but especially because of something I hadn't thought about when I was applying for the MBA and that is the human factor – my instructors, the university's faculty with its academic excellence, people that I had the pleasure to meet with and be influenced by.

You can strengthen your skills and knowledge in various institutions – but the overall guidance, help and inspiration that I earned at the side of Hellenic American University's faculty is the most valuable asset that I took with me when graduating, and it's priceless and irreplaceable.

Gavriil-Nikolaos Adamopoulos, MBA '19

Accreditation

Hellenic American University is accredited by the New England Commission of Higher Education (NECHE), which the U.S. Department of Education recognizes as "a reliable authority on the quality of education for the institutions it accredits".
